SIMON PEROT - ETIENNE UBAUD

# White Side of the Moon 2020 (13%)

AOC Beaujolais

WHITE SIDE OF THE MOON

Grappe: Chardonnay

Soils : Granit

Viticulture : 60 years old vines  
in biodynamic culture

**Wine making** : Aged in oak barrels (25%) and stainless steel tank, no filtration, a small amount of sulfite is being added before bottling.

**Total sulfites:** 17 mg/l

**Tasting:** A gastronomic white wine, rich and smooth with some tropical aromas. It goes very well with fish and white meat, especially if you serve it with a cream based sauce. His smoothness will pair the cream but his great freshness will also bring some balance to the dish.
